

The Chi-Mei building of EE department is located within the Tsu-Chiang campus, NCKU, Tainan city. For arriving here, if you take the Taiwan high-speed rail (THSR, 台灣高鐵), two ways are suggested while you arrive at THSR Tainan station.

1. By taxi, which takes about 25 minutes and costs about NT\$350 while non-rush hour.
2. By Taiwan Railways at Shalun station (沙崙站, which is near the ticket gate of THSR Tainan station), which takes about 20 minutes departing for Tainan railway station and costs about NT\$25, and you could use EasyCard (悠遊卡) or buy train ticket at the entrance for the pass. The trains depart from Shalun station every 30 minutes (e.g. XX:00 and XX:30, normally the train departs after 10 to 15 minutes while you arrive at THSR Tainan station). By walking from Tainan railway station to the Chi-Mei building, it needs about 15 minutes. It totally takes about 50 minutes. (15, 20 and 15 minutes for waiting and taking the train, and walking, respectively)

There are two neighbor buildings belong to EE department, while the Chi-Mei building is closer to Rd. Daxue (大學路). The above map shows the locations of the Tainan railway station and the Chi-Mei building.
